HSE Workplace First Aid guidelines apply to any workplace, both indoors and out.

Employers are required to provide comprehensive First Aid cover for workers in all situations and should be available to employees at all times.

Active Forestry First Aid Kit

The Active Forestry First Aid Kit has a content suitable for a smaller team of workers. The Active bag is compact and versatile; can be carried via shoulder or belt strap when working remotely. The belt strap folds neatly away behind a Velcro pad when not required.

Durable, rip resistant and easy to clean our Active Bag is extremely practical in all pursuits.

- Internal, external side pockets
- Adjustable shoulder and belt straps
- Secure key holder
- Strong, water-resistant, highly visible material

34847PB	Paramedic Bum Bag Burns Kit Large Content - 270 x 160 x 45mm

Burnshield Products

Burnshield is a simple to use gel impregnated burn treatment designed to lower skin temperature and alleviate pain prior to hospital treatment.

- Available as dressings or blankets. Suitable for treating first, second and third degree burns and scalds.
- Manufactured from open cell foam, all dressings come saturated in a water based gel made sterile by gamma irradiation.
- Simple to apply and remove without causing any discomfort, Burnshield soothes and moisturises the burn area by inhibiting fluid loss.
- All items may be purchased individually to replenish used stock.

84070	Burn Blott 3.5ml - Pack of 10
84030	Burnshield - 10cm x 10cm
84032	Burnshield - 20cm x 20cm
84034	Burnshield - 60cm x 40cm
84040	Burnshield Blanket
84074	Burnshield Hydrogel - 50ml
84075	Burnshield Hydrogel -125ml

Burnshield Hydrogel

- Absorbs and dissipates heat - minimises burn damage
- Cooling - pain relief and shock reduction
- Clear - easy to assess wound
- Non-stick - will not adhere to wound
- Natural anti-bacterial
- Non Toxic
- Non Irritant

Burnshield Dressings

- Foam based dressing for optimal heat dissipation.
- Conforms to wound area
- Fibreless elastic open-cell foam sheeting
- Wound covering
- Gel retention

Burns Responder Kits

First Response First Aid Kits comply with the BS 8599-1 Standard plus many additional items which could be required when treating a patient who may be some distance from a static First Aid Station.

MediKit's Deluxe Burns Responder kit has the greatest variety of hydrogel dressings in different sizes, all supplied in our first aid holdall for greater mobility.

- Detachable shoulder straps
- Internal compartments for easy storage and access.
- The bags have extra space which can be used to include additional products.

84056	Burns Responder Kit Soft Nylon Shoulder Bag 280 x 230 x 120mm

Fire Risk Assessment Guide

Commissioning of a new extinguisher and servicing should be carried out by a trained person as set out in British Standard BS: 5306-3: 2009.

✓ **Risk Assessment**

Is there an appropriate recording system?

✓ **Fire Fighting and Fire Detection**

Is there appropriate equipment on site?

Is fire fighting equipment clearly identified and locatable?

Are there nominated people who are trained for fire emergencies?

Are all emergency routes and exits clearly identified and illuminated?

✓ **Emergency Escape Routes**

Do emergency routes or exits lead to a place of safety?

Are everyone's needs catered for in event of an emergency escape?

Are dangerous areas restricted to authorised personnel only?

✓ **Maintenance**

Is fire fighting equipment fully maintained and serviced with written documentation?

Under The Regulatory Reform (Fire Safety) Order 2005, the employer or 'responsible person' for that building must ensure that a fire risk assessment has been conducted and that appropriate steps have been put into place to remove or reduce risks.

✓ **Procedures for Serious/Imminent Dangers and Areas**

Are all authorised persons given equipment to protect them from risks?

Are all dangerous substances clearly identified and safety data sheets provided?

Are all dangerous substances kept in appropriate storage?

✓ **Provision of Information for Employees**

Can the responsible person provide comprehensive information of risks to employees as identified by the risk assessment?

Are all off-site employees given relevant information on fire risks and preventive and protective measures on the premises?

✓ **Training**

When they began their employment, were all employees given adequate safety training?

Has all training been officially recorded?

Fire Classification	Foam	ABC Powder	CO2	Water	Wet Chemical
Flammable solids Wood, paper, textiles, fabrics etc.	YES Smothering & cooling effect	YES Rapid smothering effect prevents re-ignition	YES Only on very small fires	YES Saturation & cooling prevents re-ignition	YES
Flammable liquids Petrol, oil, fat, paint, solvents, grease etc.	YES Blanket fires preventing re-ignition	YES Rapid results	YES Rapid results leaves no residue	NO	YES Fat Fires
Flammable gases Propane, Butane, Natural gases	NO	YES	NO	NO	NO
Electrical equipment Computers, printers, etc.	NO Some restricted use	YES	YES Non-conductive	NO Water is conductive	YES 35KV dielectric test

Powder Fire Extinguishers

MediKit's range of Dry Powder extinguishers are suitable for class A, B and C fires, meaning they can tackle most fires involving wood/paper, flammable liquids and electrical fires.

WG10106 600GM ABC 5A/21B

WG10102 800GM ABC 21B

WG10114 1.0KG ABC 8A/34B

WG10124 2.0KG ABC 13A/89B

WG10132 3.0KG ABC 21A/113B

WG10142 6.0KG ABC 43A/223B

WG10148 9.0KG ABC 55A/233B

Foam Fire Extinguishers

Our foam extinguishers achieve high fire ratings for both A and B class fires, making them highly effective against ordinary wood/paper fires (A class) and also petrol and volatile liquids (B class). The foam forms a flame smothering seal over the surface of the burning material which prevents re-ignition.

- 35kV dielectric test
- Internal Polyethylene lining
- Complete with spray nozzle

WG10112 1.0LTR 5A/21B

WG10130 2.0LTR 5A/34B

WG10144 6.0LTR 21A/144B

WG10149 9.0LTR 27A/233B

Wet Chemical Fire Extinguishers

Designed for Class F fires, Wet Chemical extinguishers are ideal for kitchens and caravans where cooking oils and fats are the risk. Independent fire tests have established that it is capable of extinguishing a fire in a 25 litre deep fat fryer.

WG10146 6.0LTR 21A/113B/75F

Water Fire Extinguishers

Designed, developed and tested in the UK for use on A-class fires, this product carries the well-known Kitemark, LPCB and MED certification achieving superior results in tests.

- Includes 35kV dielectric test
- Fluoro Free additive
- Internal Polyethylene lining

CO2 Fire Extinguishers

CO2 extinguishers are used for situations involving flammable liquids and electrical hazards. The CO2 extinguishant is harmless to delicate equipment making it ideal for office environments.

- Harmless to machinery
- Aluminium alloy construction

PREMIUM TRAVEL BRACKET

Vehicle Fire Extinguishers

The small size of this extinguisher makes it ideal for cars, vans, caravans, taxis and the home.

- EN3 Approved (except clause 6.1 size)
- UKAS accredited
- Holds 5 year guarantee

WG10102	800GM ABC 21B
---------	---------------

Advantages of dry powder

- Quick knockdown when correctly applied
- Safe to use on Electricity up to 1000 volts
- Effective on running fires such as petrol, diesel and oils
- Creates no thermal shock for fires onto hot metal, effective on undercarriage fires
- Good heat shield, creates an effective shield against radiated heat
- Can be used on all class fires A, B and C
- Effective on a range of temperatures from 15 to +60 degrees Celsius, unlike water based extinguishers such as foam, which can freeze.

Vehicle Safety Kit

Suitable for Private Motorists supplied in a zip bag complete with handle/shoulder strap.

Contents:

- One Person Travelling First Aid Kit
- Fire Extinguisher
- Warning Triangle
- Glass Hammer

70147	Vehicle First Aid Kit Soft Nylon Bag - 470 x 150 x 140mm
-------	---

Winter Safety Kit

An essential kit for the winter months, supplied in a nylon bag for easy storage within a vehicle.

Contents:

- Folding Snow Shovel in Nylon Pouch
- One Person Travelling First Aid Kit
- Foil Blanket
- Hi-Vis Vest

33142	Winter Motoring Kit Soft Nylon Bag - 470 x 150 x 140mm
-------	---

DIN Euro Motoring Kit

Complies with DIN 13164 European Specification.

Contents:

- 1 Burn Dressing (Sterile) 40 x 60cm
- 1 Burn Dressing (Sterile) 60cm x 80cm
- 1 Standard Dressing (Sterile) 10cm x 12cm
- 1 Standard Dressing (Sterile) 6cm x 8cm
- 2 Standard Dressings (Sterile) 8cm x 10cm
- 2 Triangular Bandages 136cm x 96cm x 96cm
- 3 Wound Compresses 10cm x 10cm (2pcs)
- 14 Plasters, Washproof Assorted
- 2 Conforming Bandage 6cm x 4m
- 3 Conforming Bandage 8cm x 4m
- 1 Adhesive Tape 2.5cm x 5m
- 2 Cleansing Wipes
- 2 Gloves (Pairs)
- 1 First Aid Leaflet
- 1 Scissors

70144	DIN 13164 Euro Motoring Kit

Fire Log Book

- Central record for all aspects of fire safety procedures
- Includes testing and maintenance guidelines for each section

WG30314	Fire Log Book - Pack 10
---------	-------------------------

Box

Top-loading cabinets with internal spring mechanism designed to hold the extinguisher in place whilst in transport.

- 6kg/9kg Cabinet
- Capacity: 1 x 6kg/9kg extinguisher
- Totally corrosion-proof design
- Neoprene seal
- Polypropylene vision panels in door
- Internal equipment retaining straps
- Available with integral alarm

WG10230	6.0KG/9.0KG Vehicle Cabinet
WG10224	6.0KG Vehicle Box
WG10225	9.0KG Vehicle Box

Air horn

- Loud, long sound duration (120dB)
- Single, non-flammable gas propellant
- Ideal for providing temporary cover during alarm installations

WG30304	Airhorn 300ml
---------	---------------

Stands

- Holds 1 extinguisher up to 12kg
- Non-GRP construction
- Suitable for use in food prep areas
- Features skirting board cut out

WG10220	Fire Extinguisher Stand Single
WG10222	Fire Extinguisher Stand Double

ABS Empty First Aid Boxes

MediKit's Deluxe First Aid box is a tough and durable ABS plastic case complete with wall bracket and internal compartments.

- The box can be opened whilst fixed in the bracket without spilling the content
- These boxes also have rubber gasket seals which help prevent contamination of contents by dust and moisture

AB3	ABS Box - 270 x 185 x 115mm
AB4	ABS Box - 320 x 215 x 125mm
AB5	ABS Box - 400 x 300 x 150mm

Plastic Boxes

- Tough and durable plastic box
- Optional clip in wall bracket

P6	Plastic Box - 240 x 170 x 80mm
P8	Plastic Box - 270 x 220 x 85mm
P9	Plastic Box - 340 x 270 x 100mm

Active Bag Range

Our Active Bag range has been designed with outdoor pursuits in mind: durable, rip-resistant and easy to clean.

The compartments make the Active Holdall Bag range practical in all environments with easy organisation of supplies, even providing room for extra content when bought complete.

- Combination of up to 14 Zip and Velcro compartments plus additional storage
- Protective padded lining
- Reflective strips
- Strong, water-resistant, highly visible material

RS3	Holdall - Green - 260 x 380 x 170mm
RS4	Holdall - Orange - 260 x 380 x 170mm

Super compact and versatile, can be used as a shoulder bag, bum bag or simply carried by hand. Durable, rip resistant and easy to clean our Active Bag is extremely practical in all pursuits.

- Internal and adjustable divider
- Internal, external and side pockets
- Adjustable shoulder and belt straps
- Carry handle
- Safety clasps
- Secure key holder
- Strong, water-resistant, highly visible material

RS1	Bum Bag - Green- 175 x 300 x 100mm
RS2	Bum Bag - Orange - 175 x 300 x 100mm

Trauma Barrel Bag

- Trauma, fold out multi compartment barrel bag
- Durable, water and abrasion resistant material
- Padded sections to carry oxygen cylinders
- Versatile bag supplied with carry handle and adjustable shoulder strap
- Reflective strips

PR72 Trauma Barrel Bag
495 x 170 x 260mm

Medical Rucksack

- Fold out, multi compartment trauma rucksack
- Durable, water and abrasion resistant material
- Supplied with carry handle and padded adjustable Rucksack straps with adjustable chest clip
- Padded back panel for user comfort

PR8 Rucksack
380 x 315 x 145mm

Multi Pouch Bag

- Durable, water proof, light weight material
- Abrasion resistant material
- Padded carry handle
- Five inner velcro removable zip clear front pouches
- Super practical bag, contents can be organised specific to use

PR9 Emergency Bag
400 x 225 x 95mm

Medi Pouch

- Fold out zip pouch with belt loop and carry handle
- Durable, water and abrasion resistant material
- Four compartments, practical organisation of supplies

PR10B Pouch - Blue - 205 x 120 x 55mm

PR10G Pouch - Green - 205 x 120 x 55mm

PR10R Pouch - Red - 205 x 120 x 55mm

Clear Medi Pouch

- Zip medi case with carry handle
- Clear front, easily view medicaments inside
- Durable, water and abrasion resistant material

PR11Y Clear Medi Pouch - Yellow
215 x 135 x 90mm

PR11G Clear Medi Pouch - Green
215 x 135 x 90mm

PR11R Clear Medi Pouch - Red
215 x 135 x 90mm

Extra Large Trauma Bag

- Multi compartment extra large trauma bag
- Various sized compartments for practical organisation of supplies
- Durable, water proof, light weight material
- Abrasion resistant material
- Super versatile supplied with carry handle, adjustable shoulder strap with grip and adjustable back pack straps
- Removable wipe clean base with grip studs
- Reflective strips

PR7 XL Large Trauma Bag
435 x 420 x 360mm

Large Trauma Bag

- Multi compartment large trauma bag
- Various sized compartments for practical organisation of supplies
- Durable, water and abrasion resistant material
- Super versatile supplied with carry handle, adjustable shoulder strap with grip and adjustable back pack straps
- Removable wipe clean base with grip studs
- Reflective strips

PR6 Large Trauma Bag - Red
410 x 350 x 285mm

PR6G Large Trauma Bag - Green

495 x 170 x 260mm

Fold Out Paramedic Bum Bag

- Multi compartment fold out bum bag
- Velcro securing to allow extra space for supplies
- Durable, water proof, light weight material
- Abrasion resistant material
- Three zip pouch window compartments
- Two zip side compartments
- Wide adjustable buckle belt clip
- Reflective strip

PR4 Fold Out Bum Bag - Red
270 x 160 x 45mm

PR5 Fold Out Bum Bag - Green
270 x 160 x 45mm

Professional CPR/
AED Training Manikins

Realistic to the eye and the touch and available individually or in convenient multipacks of four for class training purposes; these manikins are uniquely designed as a clamshell that accommodates an easy-to-insert face shield lung bag.

- The CPR Rate Monitor allows for instant feedback to both instructor and student regarding the rate of chest compression. The face/head tilt feature is unique and the manikin simulates the way an actual victim's head would move if he required CPR
- Realistic looking and acting manikin
- Easy to transport and set up
- Easy to insert face shield and lung bag
- Face shield is secured, no need for adhesives
- Full chest rise and lung bag ensures students receive the most accurate and realistic training by observing a true chest rise
- Face/head tilt demonstrates how to open the airway during CPR
- Clicker mechanism demonstrates how to administer adequate compressions

Cotec Safety Tape

Protects fingers, hands and wrists from minor injuries and abrasions in industrial processes.

Cotec tape can be used in any industrial operation where unprotected skin can be damaged. It can be applied selectively so that only the vulnerable area needs to be covered, reducing the cost while improving operator comfort.

The tape sticks to itself and does not leave any residue.

- Prevents cuts and sore fingers
- Protection against hot parts or mouldings
- Prevents finger prints on glass or polished surfaces
- Prevents product contamination by body oils and acids on fingers
- Guards against thread burns
- Quick to apply
- Open gauze allows skin to breathe
- Applying further layers increases protection

Cotec Safety Tape is available in 300mm packs cut into 25mm widths. Each roll is over 27 metres long.

80136	Cotec Finger Protection Tape Green - Pack 12
80137	Cotec Finger Protection Tape Blue - Pack 12

In Industry

Assembly: To help protect fingers while pig-tailing, twisting and winding wires, or handling sharp components, fittings and circuit boards.

Hand sewing: For comfortable protection of fingers from abrasions during the sewing process.

Buffing and Grinding: Protect from abrasions in many machining and welding operations.

Mouldings: Protects the fingers when handling hot parts in moulding and pressing operations when gloves are not necessary.
