UNISEX MODEL

DESCRIPTION

The Logwood is a class 3 (28m/s) chainsaw safety shoe featuring a Vibram® brand sole, eVent® waterproof-breathable inner lining and Perwanger® leather uppers. Very practical and safe the toe block allows the shoe to be opened while maintaining good foot support. Robust, they feature a rubber side stone guard.

3 MAIN BENEFITS

- **Vibram®**: These soles are made of an advanced rubber offering **unrivalled grip**, waterproofing and **optimum comfort**.
- **eVent®**: This **waterproof** membrane resists moisture and water molecules thanks to a direct ventilation system. Moisture wicks away from the fabric and prevents water from penetrating inside. This material helps users **stay dry** and **comfortable** when wearing it.

- **Perwanger®**: This **water-repellent leather** prevents water from seeping in, while ensuring the leather's **breathability**. Due to special tanning techniques this leather **resists abrasions** even on rocky terrain and **ensures longevity**.

WEIGHTS & DIMENSIONS

Size: 43
Weight: 1.28 kg
Height: 19 cm

PACKAGING

Packaged in packages of 3. Individually packaged. Logwood's packaging is made of cardboard with standardization **CITEO**.

VARIANT

Available in yellow
