

INSOLE ORTHO-SOFT ESD LOW

ITEM NO.: Z25800

SIZES: 35 - 48

FEATURES

Insole adapted to the foot shape with individually selectable support of the longitudinal arch. The anatomically shaped foam insert supports attenuation over the entire walking area and relieves sensitive pain and pressure points. The insole is suitable for ESD shoes.

Only mild support of the longitudinal arch. Particularly suitable for flat feet.

Washable up to 30 °C, do not tumble dry.

INSOLE ORTHO-SOFT ESD MEDIUM

ITEM NO.: Z25700

SIZES: 35 - 48

FEATURES

Insole adapted to the foot shape with individually selectable support of the longitudinal arch. The anatomically shaped foam insert supports attenuation over the entire walking area and relieves sensitive pain and pressure points. The insole is suitable for ESD shoes.

Reinforced support of the longitudinal arch. Particularly suitable for normal and fallen arches.

Washable up to 30 °C, do not tumble dry.
